- 1. The healing of the lame man pointed forward to the future time of refreshing and restoration beginning with Christ’s return (see Peter’s following sermon—especially vv. 19-21). How can the promise of coming restoration help our troubled neighbors find hope?
- 2. As you review the prayer of response by the churchmen in 4:23-31, what strikes you as significant. How do these prayers compare to your prayers? To our prayers?
- 3. Have you ever considered asking God to do something huge for a neighbor that would move them to consider Jesus? Ask them, “If there was something you needed that only God could make happen in your life, what would that be?” Then pray and follow up!
- 4. During this time of winter storm crisis, how can we sacrifice our goods and belongings to help each other and our neighbors? See our Winter Storm Response on our website: <https://www.hbcpcf.com/winter/>
